In re Application of: :
 Tatton et al. :
 Serial No.: 10/680,996 : PETITION DECISION
 Filed: October 7, 2003 :
 Attorney Docket No.: 17530 (AP) :

This is in response to the petition under 37 CFR § 1.59(b), filed July 25, 2008, to expunge information from the above identified application. This application has not been allowed.

Petitioner requests that "Document 21" submitted to the Patent Office in an Information Disclosure Statement submitted on July 24, 2008, be expunged from the record. Petitioner states either: (A) that the information contains trade secret material, proprietary material and/or material that is subject to a protective order which has not been made public; or (B) that the information submitted was unintentionally submitted and the failure to obtain its return would cause irreparable harm to the party who submitted the information or to the party in interest on whose behalf the information was submitted, and the information has not otherwise been made public. The petition fee set forth in 37 CFR § 1.17(g) has been paid.

Unfortunately, no document is seen as being identified as "Document 21" so a determination cannot be made at this time. It is also requested that a new Form-1449 be submitted without "Document 21" so the original Form-1449 submitted on July 24, 2008 can be "closed" if a decision of Grant is made in response to the renewed petition.

The petition is **DISMISSED**. Petitioner may resubmit the petition with the appropriate information so that a decision can be made. No additional petition fee will be required at that time.

Should there be any questions about this decision please contact Marianne C. Seidel by letter addressed to Director, TC 1600, at the address listed above, or by telephone at 571-272-0584 or by facsimile sent to the general Office facsimile number, 703-872-9306.
